

**CITY OF LAREDO
UTILITIES DEPARTMENT**

Urgent News from "Tommy the Tank"

FOR IMMEDIATE RELEASE

Release Date: April 07, 2022

WHAT: Clark Apartments Project to Cause Traffic, Dust, Noise Inconvenience, (1) Fire Hydrant To Be Out of Service, and Interruption of Water Services

WHEN: Friday, April 08, 2022 from 12:00 a.m. to 3:00 a.m.

WHERE:

- Location of Work: 2911 Clark Blvd
- Traffic, Dust, and Noise Inconvenience: Along Clark Blvd between Canada Ave & New York Ave
- Fire Hydrants To Be Out of Service: (1) fire hydrant at intersection of Clark Blvd & Canada Ave
- Interruption of Water Services: 2900 & 3000 Blocks of Clark Blvd

WHY: Waterline Connection

PROJECT: District 4 – Clark Apartments

ADDITIONAL INFORMATION: ALCE Construction, a private contractor, will be installing a waterline connection at 2911 Clark Blvd. Work will cause temporary traffic, dust, and noise inconvenience and (1) fire hydrant to be out of service at the location of work. Water services **will be** affected by this work at the locations mentioned above.

Work will take approximately **three (3) hours**, for completion of work, weather permitting. Progress updates will be made available by the Utilities Department.

Motorists and pedestrians are cautioned to avoid the construction area completely and to take alternate routes, or to use extreme caution when traveling through the area. Residents are urged to adhere to all posted traffic control signs, digital message boards, and devices in order to provide safety to all citizens and minimize traffic congestion in the affected area.

CONTACT INFORMATION: For project information, **please contact Julio Hernandez from ALCE Construction at (956) 620-9929**. To report any water or wastewater service problems, please contact the City of Laredo Utilities Emergency Call Center at (956) 721-2010, or call 3-1-1.
